

2017 Impact Report

ABOUT US

We Help Participants

When families are on the cancer journey, Stewart's Caring Place is here to help you through it.

We Help Children

Children and families deal with unique set of mental and physical challenges with a cancer diagnosis.

We Help Caregivers

We know caregiving can be more a commitment of your very being than your time.

Stewart's is a registered 501 (c)(3) nonprofit organization that began as a grassroots effort led by the family and friends of Dr. Stewart Surloff whose cancer journey ended in the fall of 2001. During his life, Stewart shared the struggles and triumphs of his cancer experience and taught us that "There is more to cancer than chemotherapy and surgery." Today, Stewart's carries on his legacy by providing support services, free-of-charge, to individuals and families touched by cancer.

We strive to be an exemplary resource for needed cancer support services while being a sustainable community-based organization. If you or someone you love has been diagnosed with cancer, hope and compassion can be found here.

Programs and services include lectures and workshops, a resource center, healing arts, community referrals, movement classes, counseling, attorney consults, children and family programs, support groups and wigs.

"Stewart's Caring Place is easy on your soul."

"They take care of things that you never dream that they can take care of."
